Tony was great. He was completely prepared with theme appropriate music. Our group loved his mellow voice... he fit right in. We would strongly recommend Tony to any group with almost any musical requirements.

It was a pleasure working with Tony from the first moment we spoke. I 'm supposed to pick only three qualities above to describe my experience with him, however, I have to include work quality and punctuality, (Tony arrived at the hotel and had set up long before we, the hosts, arrived), as well as professionalism, responsiveness, and value. Tony was great at our Welcome Back Party at our condo. He played requests and even played college fight songs since our theme was "Homecomings."

Tony was the solo performer at our annual fundraiser event. He can really handle the old jazz songs and newer stuff. His voice and piano playing were great! We plan to have him back again next year.
